No. 130
Date Feb 28 1916

Sir,
Since the second revolution the breach blocks of the guns at Woosung have been kept at the Arsenal. As a result of an application recently made by General Lu, Deputy Military Governor of Shanghai, to Chiangchun Feng Kou Chang, the latter recently gave instructions to have the gun parts referred to returned to Woosung. These instructions were carried out yesterday when the breach blocks were taken to Woosung by boat.

It is reported that the military authorities of Shanghai intend to build a new fort between Woosung forts and Sz Ts Ling forts.

General Lu, Deputy Military Governor, has given orders to Li Tsung Myoh 李宗森 Director of the Arsenal Works to make four 7 cm. machine guns for use in Woosung and Sz Ts Ling 郭市林.

Two robbers named Zau Koh Woo 趙國章 and Zee Yu Soong 徐毓松 who were concerned in a Frenchtown case were shot at the Arsenal yesterday afternoon.

Commencing from yesterday the police on duty in the vicinity of the City Central Police Station have instructions to search to search all pedestrians whom they meet in the locality mentioned after 9 p.m.

A circular signed by Mr. Stepharius was sent to German, Austrian and Turkish subjects in Shanghai asking them to refrain from subscribing to the "China Press" as that paper was now being run against the Germans.

Your Obedient Servant,

Wm. M. Munsting

Chief Detective Inspector.

Captain Superintendent of Police.
